## ABOUT OUR COMPANY

Alawadhi Town Construction Company was established in 2011, We install all types of HVAC (Heating, Ventilation, and Air Conditioning) systems, from small room air conditioners to large, industrial-scale air handling/HVAC systems, including VRV and VRF for multistory buildings. Similarly, the range of work we perform on such systems is equally diverse, encompassing everything from routine maintenance to complex troubleshooting.

Alawadhi Town Construction Co W.L.L. performs a variety of air-conditioning services for commercial, industrial, residential buildings and villas. Besides selling all international brands of equipment, we also provide an Annual Maintenance Service for a set period of time as specified by our clients. Having created remarkable recognition from all parts of Bahrain within a short time span, Alawadhi Town Construction has distinguished itself as one of the most reliable AC servicing companies in Bahrain. It is our talented engineers and dedicated technicians who go the extra mile to serve our customers round-the-clock that have made us successful.
